From your Editor ...

Hi Guys,

Welcome to another hot edition of Houseboy. Our new 'Safety On The Scene' section seems to have gone down really well, and so we'll definitely be keeping this in future issues - not just in Houseboy, but also in !SIR! and DV8 magazines. If you've got suggestions (or even a complete article!) for this very important new part of our magazines, please write in. Remember, what might be very a very obvious safety aspect to you could well be overlooked by somebody else.

Ours is a very diverse scene, and it's easy to fall into the trap of believing that what turns one person on will turn somebody else on. And of course the converse is true. I'll come clean here and admit that I've fallen into this trap myself. Take for instance my own ideas about domestic discipline. Of course I believe in using corporal punishment on a regular basis, but for a long time I've also been in the habit of enforcing discipline by having some menial domestic chores carried out in a more humiliating and laborious fashion. Frankly, it works a treat, and really brings out the best in a houseboy. And Lo and behold letters recently start coming in on this very subject! Of course I know a few Masters who use these methods, but I'm surprised that there are so many houseboys out there who appreciate this kind of punishment. It must be said that hardly any of them are prepared to totally forgo a sound thrashing when necessary, but appreciate this alternative. I'd really like to hear from you on this subject.

We're really flattered to have been approached by some guys in the Netherlands to assist them with their future SM / CP video productions. Of course the lucky lads out there don't have the same draconian restrictions that we enjoy (!) here in the UK, but they also understand that our scene is a particularly English institution - and I have to agree with 'em!! We're looking for models to appear in these videos (which will be shot here in the UK) so if you'd like to show your stuff get in touch. No acting experience is necessary, but a keen interest in the scene would help a lot!!

Send me a recent photo and a few personal details about yourself and your interests and we'll take it from there. I promise that all pictures will be returned, and like everything else we do here, it'll all be treated in the strictest confidence. We're also looking for suitable locations to use -dungeons, school rooms etc.

If you'd like to know more about these videos, again, just drop me a line, fax me or e.mail me.

I couldn't end one of my editorials without mentioning the 3I Club. A couple of the younger guys amongst us have asked whether they need to be thirty one before they can join! Well, it's a fair enough question! As regular readers will already know, we're just about the most ant-ageist bunch of guys on the scene. The simple rule is you've got to over 18 (for the time being anyway!).

See you next time.

You Write ...

Dear Baz

As a fellow diabetic I feel that I must write and congratulate you for your foresight in covering this illness in your most interesting publication. Over the years I must have read countless books and magazines covering many aspects of our particular 'scene', but you are the first one I believe who has covered Diabetes in such a helpful way. Thank you!

Well done,

Yours sincerely

John (Bristol)

Hi John - thanks for the letter. From our postbag following this article it seems that many of our readers welcome this new section of the magazine. In this issue is another Safety First article, dealing with another important aspect of the scene. Ed.

Dear Sir

I can't tell you how much I look forward to each new edition of your publications. It's through these that I've come to appreciate the incredible diversity of the scene, and been fortunate enough to meet guys to experiment with! Over the last few years I've really had my eyes opened about what turns me on, and I'm still learning some new tricks. I was fascinated by one of your recent letters from a 'young' bloke who couldn't be bothered to even consider going with anyone a bit older. Let me tell you that reading this made me ashamed, for it wasn't too long ago that it could have been me writing that letter! I know it sounds a bit vane, but I'm a reasonable looking 'younger' guy who likes to keep his body in good shape - but now I do it for different reasons. I keep myself fit and attractive so the guy's I'm with can be proud of me! Most of the time now I'm happier to be submissive, and I feel really great when I'm taken out by my Master and know that I'm being stared at admiringly by other blokes. I like to feel that I'm 'owned' by the Master, and feel that I must

keep myself fit and attractive to remain in his service. Whilst it's fun to have an occasional scene with someone my own age or younger, the experience that only an older guy has brings a whole new dimension to the scene. They seem to know exactly what they want, and how to get it. Part of the excitement for me is pushing a Master to find out just how much I can get away with, and with my older Masters this isn't very much! As soon as I get even slightly out of line or answer back I know I'm in for a damned good hiding, and the delicious pain in my backside soon gets me back in tow. So for all you good looking ageist chickens out there, take a bit of advice. Find yourself an older guy. If you're a top guy, then an experienced slave has learned how to serve, and serve well - I know this from personal experience. If you're a bottom guy, you'll find an older experienced Master will know how to keep you in your place. Either way - give it a try.

Thanks again

Ben

Manchester.

Hi Ben!

Thanks for the letter. Regular readers will know that we've been advocating this ever since we started publishing. Of course, like everything else on our scene, it doesn't work for everyone. But why close your eyes to yet another one of the wonderful opportunities our scene can offer?! Ed

Dear Baz

As a long established and well satisfied houseboy still in my late twenties I'd like to let you know that not all of us need just corporal punishment or restraint to ensure satisfactory service. Though with the kind of punishments I have to endure sometimes, I think a hard thrashing would be preferable. I've been with my 'Uncle' for five years, and have found this a very rewarding, enriching episode. I first started as a

straightforward domestic servant when I was going through a depressing period in my life. I'd been made redundant by the firm of solicitors where I was a trainee, a so-called potential high flyer apparently. There was some kind of financial scandal in the firm, two of the junior partners resigned and the remaining principals moved the offices to another town. Because of this, and my consequent lack of finance, my boyfriend decided to look elsewhere for his pleasures. As I could no longer afford the flat, I needed work with accommodation, preferably a menial job that needed no special skills and above all a job that would absolve me of any kind of responsibility. I'd lost all self respect and confidence in myself, and by the time I arrived for the interview I must have looked a bit of a state. Just a grubby white tee shirt, old worn shabby pale blue jeans which had long ago shrunk so much that the zip had burst open and I'd fastened the opening with string. My ex-army boots hadn't been polished in weeks, and the dark stubble on my face attested to the fact that I hadn't shaved in days. Yet I didn't care - I was close to my wits end. The big brass bell push, like the huge house, was old. I pushed the button and heard the bell ringing from a long way away. I waited what seemed an eternity, and was turning around to leave when the door eventually opened. Turning back I saw a tall middle aged guy dressed just the way my late father used to dress when I was a young kid - real old fashioned. He matched his surroundings perfectly. I looked passed him into the wide hall. Despite the fact that it was a bright sunny afternoon, the hall seemed depressingly dark and forbidding. I looked back to his face, and somehow wasn't surprised to see that his eyes were fixed on my bulging crotch. When I'd applied for the job I knew there was a possibility that the 'single retired doctor' might want more than just 'light domestic housework on a regular basis, live in position possible'. When I'd phoned he didn't seem at all surprised that it was a young man applying for a domestic position. Looking back, he seemed almost too keen to offer me an interview. He looked up, smiled slightly, and invited me into the house. The interview was

brief and to the point. It seemed my complete lack of experience was no problem. He made it quite clear that he wanted things done his way in any case, and that he would be supervising my work closely. Despite the superficial impression of kindness that his easy manner emanated, I sensed that there was another side to his personality. The first sign of this was when he made mention of the way I was dressed, telling me that I would be expected to wear something more appropriate, and that he would be choosing it. As I eagerly acquiesced, feeling the intoxicating new sensations stirring in my groin, at that very moment I knew that this was to be my first encounter as a submissive. My heart pounded furiously. Later that afternoon I was established in the tiny, sparsely furnished bedroom at the top of his house. I was sitting on the hard bed, the worn-out holdall that contained the few meagre possessions I owned crumpled at my feet. Slowly I took my clothes off, stuffing them into the holdall. When at last I was completely naked a wonderful sense of freedom swept over me. I sensed a new beginning. He opened the door and came into the room without knocking. I was standing looking at myself in the mirror, and despite my dishevelled appearance I felt proud. My body was still young and supple, the few weeks away from the gym having had almost no effect on my lightly muscled frame. My face had lost some of it's impish youthfulness, the light blue eyes no longer twinkling. My blonde hair was dull and dank, long and unkempt. But I knew that this was just a temporary state, the debilitating effects of the ordeal I'd put myself through lately. I looked at him in the mirror, suddenly aware of just how handsome he was. I felt myself blushing as my cock began to harden. But I made no attempt to cover it up. It was another thing I'd always been proud of. Early that first evening we were in his bed, both of us naked and fully spent when he told me what he expected of me. There was no coercion on his part. It had to be my choice to stay with him, to accept his terms absolutely. Now I've learnt the benefits of his type of discipline. As I've already said, sometimes I think a good hard

beating would be preferable to what he does! The first time was when I did his laundry. This was the third day. I'd carefully washed ironed and folded a whole stack of his shirts, underclothes and socks, leaving them on the counter. As instructed I was standing beside the counter, waiting for him to come and inspect my work. By now I was looking a whole lot more like my old self. My hair had been cut really short, almost like a skinhead I thought. It wasn't something I would have chosen, but it was what he wanted. During the day, inside the house, I wore just an incredibly skin tight pair of white cotton shorts and a pair of white plimsolls. He liked my body, and I was only too pleased to show it off to him. After that first wonderful night when I'd been allowed to please him sexually I'd slept alone in my own room, and I was by now feeling more than a little frustrated, and the bulge in my crotch made this very clear! Seeming to completely ignore my physical state, he carefully examined the piles of laundry, then whilst inspecting the shirts he found one with a button missing. His unsmiling look made my heart sink. I knew the rules. Every piece of clothing would have to be washed again, each one individually by hand this time, then ironed all over again. Not only was this tremendously laborious, but the chore had to be done in what was to be my 'free' time. This time I was more diligent, and it was late into the evening when I'd at last finished. Another inspection, satisfactory this time, and I was sent to my bedroom.

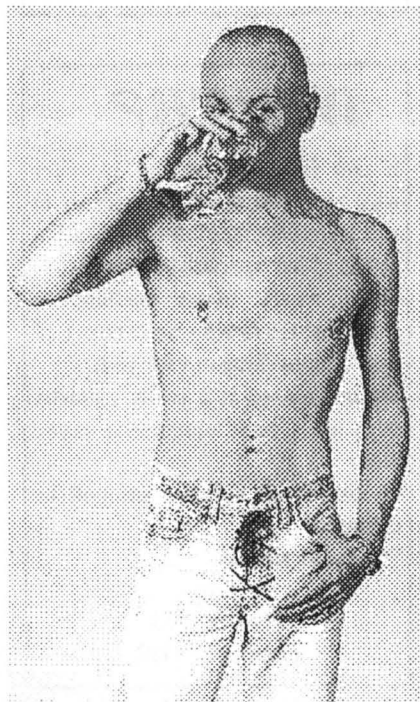

After my compulsory cold shower (another one of his punishments!) I was standing naked at the foot of my bed, legs spread wide, hands behind my head - a position that I know a lot of your readers will be only too familiar with - and I was feeling very resentful towards my new employer. Yet the more indignation I felt the harder my cock grew until it began to hurt like hell! By the time he came through the door I was so horny I was ready to scream. Then my heart pounded and my eyes glazed as I noticed that he was carrying an old fashioned leather tawse in his hand. Without speaking he indicated for me to lie on my stomach on the bed. I pushed my arse into the air, my

quivering cheeks pleading for for the feel of that leather landing on my naked flesh. I didn't have long to wait! I squirmed around the bed like a demented animal as I took the thrashing. By the time he'd finished with me I was crying real tears, and blubbering out how sorry I was and how much I needed this discipline. Of course he knows how much I need this kind of treatment, and rations it severely! Most of my discipline training still involves performing menial domestic chores, but nevertheless I occasionally manage to earn myself a good thrashing!

Tim

E.London.

Thanks for the letter, Tim. You're quite right about the type of discipline methods used to keep houseboys like you in line - sometimes a laborious session of menial chores is far more effective than a sound thrashing! As you're already finding out, a combination works well at keeping you in your place! Editor

GET SIX OF THE BEST ... FROM THE STORYTELLER! 'THE STORYTELLER'S ANTHOLOGY'

Six of The Storyteller's hottest stories bound together in one sizzling volume!

SCHOOLDAYS - PAINFUL REMINDERS

This story follows the progress of a young lad through public school - his initiation by the older boys - his visits to the games-master for a slippering and to the head for his canings - his relationship as a fag to the 'head' boy. In this story he's really made to work for his 'O' and 'A' levels!

BORSTAL BASTARDS

This story reveals the vicious and sadistic treatment dealt to a young offender in one of the countries most despised institutions. To help support his destitute family the main character turns to crime, gets caught and is sent to an institution to receive his 'short-sharp-shock' treatment. Being young and attractive is soon 'befriended' by the Borstal's head boy and eventually raped.

INCEST BY COMMAND

This story deals with enforced incestuous behaviour - CP - bondage and humiliation. Two brothers are blackmailed into becoming servants (slaves?!) to an older man. They endure thrashings, and are trained to perform all the duties demanded and forced upon them - to obey even when it means total humiliation by performing degrading sexual acts.

BOUND TO PLEASE

This story deals with many forms of bondage, imprisonment and servitude. Captured by a gang of young vigilantes the main character is subjected to imprisonment and harsh interrogation. He is made to endure long periods of bondage secured with ropes, chains, and various other devices. The 'leader' is determined to break his young captive in front of the gang - no matter what it takes!

INFANTILE BEHAVIOUR

This story demeans a mans 'normal' relationships and behaviour. Because he is so weak-willed the main character is easily dominated and finds himself forced to behave and be dressed as a baby. To wear nappies, suck on a dummy, wet his pants etc.

TOTAL SLAVERY

This story involves considerable leather, bondage, corporal punishment as well as yellow and brown action, deprivation and humiliation. For quite a while this 'slave' has been enjoying scenes where he knows he is always in control, but is constantly and frustratingly aware that he needs the 'real thing'. In this story he gets to experience total and complete slavery from a leather clad Master whilst imprisoned and chained in a well equipped dungeon.

SAFETY ON THE SCENE

Cleaning of Toys

One of the easiest ways to prevent the spread of diseases is to ensure that any toy you use during play is used on only one person. Anything that has contact with someone's blood, piss, shit, or cum should be restricted to that person. *(Fortunately, it seems that sweat and saliva are not likely ways to transmit diseases.)* One of the basic truths of immunology is that you cannot catch something from your own bodily secretions that you didn't already have. That does not mean that you can't move something like gonorrhoea from one part of the body to another. If solo use of toys is impossible, you should ensure that the toy is properly decontaminated between uses.

Many bacteria and viruses are susceptible to drying. HIV is a fairly fragile virus if it is not in a bodily fluid, but others can live on, say, a butt plug for months, even if it stays dry. *So, no matter how long your toys have been lying around since they were last played with, they should be decontaminated before being used again.*

Any implement used for piercing, drawing blood in other ways, or inserting into the urethra should be sterile. These toys invade sterile areas of the body that can easily be contaminated. That means that special procedures have to be followed to ensure that no organisms at all live on these toys. The mouth and rectum are not sterile parts of the body, so anything put there must, at the very least, be properly cleaned beforehand, but it does not have to be sterile.

Sterile implements used for play should be:

1. Thrown out after being used and replaced with a new one;
2. Reused only on the same person *(never on another)*; or
3. Sterilized between uses by a method that will kill all viruses and bacteria.

Needles should always be discarded safely after the first use.

Whatever a toy is made of, if it can stand your playing with it, it can stand being washed. Use warm, soapy water, to start with, making sure that all pits, cracks, crevices, and other openings have been thoroughly cleaned out and that all lubricants and other materials have been washed away. This washing will NOT kill viruses or bacteria. The agents you will use to kill the bugs cannot get behind a film of lubricant or whatever to do their work. After the toy is washed, rinse it thoroughly to remove all the soap.

Many viruses and bacteria are hardy, so killing them all takes a lot. Hydrogen peroxide and rubbing alcohol do not sterilize, they do help to remove oils and surface muck to help prepare for sterilization.

Rubbing alcohol, peroxide, and chlorine, in the form of bleach, will help clean toys. Alcohol should be at least 25%, which means that the standard

70% isopropyl (rubbing) alcohol available at pharmacies is cheap and effective. *(Some isopropyl alcohol sold in pharmacies is 90%. This is actually much less effective for killing "bugs" than the 70%, because it dehydrates and preserves the bug, rather than killing it. It is also much more inflammable than the 70%, and therefore more dangerous in the playroom. Avoid it.)* Chlorine bleach should be diluted 1 part bleach to nine parts water. Hydrogen Peroxide is usually sold in 10% solution and should be used this way, directly from the bottle.

These methods serve only to clean your toys, *they do not sterilize them.* They help minimize the risk of viruses and bacteria staying on the toy, *but they are no guarantee that all "bugs" have been killed.*

The HIV virus can be killed by exposure to temperatures above 140 deg.F or 60°C or higher for at least four minutes. This can either be from the dry heat of an oven or the wet heat from immersion in hot water. If your dishwasher or washing machine can reach these temperatures for four to five minutes, you could use it to clean your toys.

Toys such as piercing needles, straight razors, metal ass toys, enema tubes, and urethral sounds have to be sterilized using high temperature. Beware, however, that because certain toys were not meant to be treated with heat, things like dildos can melt under the temperatures required. If you have access to an autoclave *(via a friendly nurse or physician)* you're in luck, but there is no need for such complexities. A large pressure cooker will work well for anything that will fit into it. This covers most toys used for insertion. Pressure cookers may be a bit out of fashion, but they're still available. Follow the directions above to remove the muck and lubricant from the toy. If you have several toys, do this for all of them and then wrap them individually and well in sturdy paper packets such that when you touch the packet to move the toy there is no danger that you will touch the toy. *(You may want to wrap things like piercing needles in small numbers suitable for a complete scene.)* Lunch bags or other brown paper bags work well. Seal them with masking tape. Put the packets in a wire basket that will fit into the pressure cooker and will keep the packets out of the water at the bottom of the cooker. Follow the manufacturer's instructions to operate the cooker. Bring the pressure up to 15 pounds. Only after this point has been reached, "cook" the contents of the cooker for 30 minutes. While the packets are being "cooked," preheat your oven to 225 deg F Carefully remove the basket from the cooker and put it in the oven. Do not touch the packets with anything. They cannot be handled safely until they are dry. Turn the oven off immediately the packets have been put into it. Let the packets cool and dry for at least three hours. Store them in a safe, dry place until you need them. *Toys cleaned in this manner are sterile, as opposed to just clean or decontaminated.*

If the toy you are using cannot be sterilized, and it regularly comes into contact with bodily fluids, it should be reserved for use on one person only for the whole of the toy's useful life. *If it has been used on many people in the past, get rid of it and find a new one.*

Toys that are difficult to clean, such as metal ass balls, eggs, or plugs with holes through them, need special care when you clean them. The holes in metal balls, eggs, and plugs require that you unstring them and use high pressure soapy water to clean the inside. You could also use Betadine, commonly used to scrub down things that can't be sterilized for the operating room, like a pair of surgeon's hands. You can get it at pharmacies; no prescription is required.

Toys made only of metal, like chromed metal butt plugs or metal ass balls with the string removed, can be sterilized in the oven at 30WF for at least half an hour (*make sure that they cool to room temperature before you use them*). If you intend to sterilize these toys this way, make sure to clean them first, as described above.

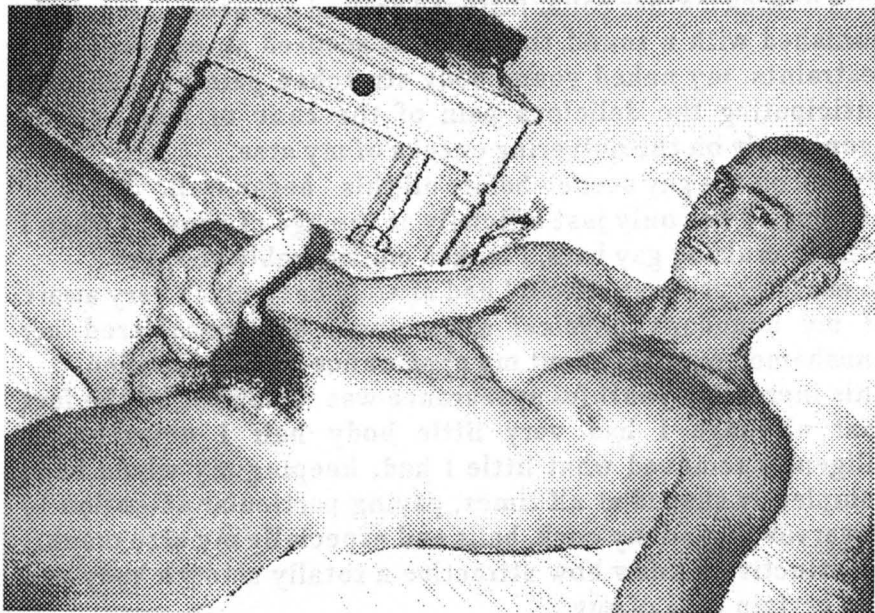

All toys that have to be clean, rather than sterile, should be well rinsed after decontamination. Bleach and isopropyl alcohol should not be allowed to come into contact with mucous membranes, such as those in the rectum.

Many publications have recommended covering dildos or butt plugs with condoms to help them stay clean during use. This can certainly help. Remember,

however, that toys come in many shapes, many of them very different from the shape of an erect penis. The shape of the toy or any exposed stitching could cause the condom to split, tear, or otherwise malfunction, so don't rely on them to protect you from a contaminated toy. Use them, rather, to make cleaning the toy afterwards a bit easier. If you get the toy dirty when you take the condom off it, follow the cleaning instructions given above.

There is a problem for items like leather whips, leather dildos. The whip may come into contact with broken skin and the dildo will come into contact with rectal secretions or faeces. Folds of braided leather in a whip or the stitching in just about any other leather toy are almost impossible to scrub properly, simply because you can't get into the crevices caused by the stitching or braiding. If you can get at the whole of a leather item, alcohol will cause less bleaching than peroxide or bleach. Alcohol, however, very rapidly dries out the leather, so it should be treated with an acceptable leather cleaner immediately after it has dried, or it will become brittle and crack. Vampire gloves may accidentally break the skin, but the chance of the same tooth breaking the skin on someone else may be low. Made of leather and steel pricks, these toys cannot be autoclaved and nor cleaned with the other available products. *For all these toys, you will have to assess the risk you are prepared to accept.*

SIZE matters!

Don't get me wrong, I've gotten used to waiting for things. Making me wait impatiently is just one of Adam's many and wonderfully perverse ways of keeping me in my place. My name is Gareth ... but it's hardly ever used nowadays. I take the name that my Master decides. Sitting alone in my room like this, stark bollock naked apart from the thin robe draped over me, waiting eagerly for whatever bizarre and arousingly perverted use will be made of me is driving me absolutely crazy with pent up desire. Thankfully this is nothing new to me now. I know my place ... my place is to wait. I was even kept waiting a considerable time before being given the opportunity of proving my real and genuine need for another man's complete authority over me, and willingly accepting his harsh discipline to enforce it. It wasn't all that long ago that being a totally submissive

houseboy like this would have been absolutely unthinkable to me.

I sure as hell couldn't have contemplated the fact that I'd actually look forward to being humiliatingly dragged around with a thick leather collar fastened around my neck ... regularly punished with a sound thrashing ... secured spread-eagled in restraints, my naked young body stretched painfully, eagerly anticipating the delicious pain of the cane or belt landing agonisingly on the quivering cheeks of my arse.

My life on the gay scene - before all this - began well.

Although I was only just officially at the age of consent when I started cruising gay bars, I looked considerably younger.

In my later years at school I had already been made very aware of my abundant physical attractions, and considered my unashamed egotism about my appearance totally justified.

This incredibly youthful appearance was enhanced by the fact that although I had very little body hair I nevertheless diligently removed what little I had, keeping my whole body completely shaved at all times, paying particular attention to the areas around my cock, balls and especially my arse crack.

I instinctively knew how attractive a totally smooth body was to a certain type of guy.

For as long as I can remember I'd gotten used to the idea that I had been blessed with a good body and incredibly good looks.

And I was never slow in using these considerable attributes to my significant advantage.

I was of attractively slight build, lightly muscled yet extremely well defined. My exceptionally narrow waist served to emphasise the proportion of my broad chest. My deep red nipples stood out, hard dark and proud against the ample dark orioles in stark contrast to the smooth, pale hairless flesh.

To display my prominent tits even more I always wore an extremely tight fitting white Lycra stretch tee shirts whenever I went out cruising. Besides focusing the other guys attention on them, the incredible feeling of the smooth fabric continually rubbing against my incredibly sensitive tits kept my long thick cock in a constant state of partial arousal so that it strained against the tight constraint of the jock strap.

My backside, I knew, was what's commonly described as a perfect bubble butt, the saucy fully-fleshed delicately rounded arse cheeks protruding provocatively.

To present my arse and the constant bulge in my crotch to best advantage I wore skin tight pale blue jeans, ripped in just the right places to expose small, intriguing areas of milky white flesh.

This massive mound was something I was particularly proud of. From as far back as I can remember I've always been fascinated by men's cocks, and taken every opportunity to compare mine with other guys.

In the showers at school there was ample opportunity to fool about with the other lads, and comparing cock sizes with other curious boys was just part of the fun.

It was about this time that I became aware of just how valuable an asset I'd been blessed with.

There were boys whose dick's were quite small when limp, yet grew to an impressive size when they got hard.

Then there were others who seemed quite well endowed when they were flaccid, yet got not very much bigger once they became aroused.

I was blessed on both counts!

When my cock was soft it was long and thick, hanging down between my legs like a large fleshy snake, blue veins clearly defined along the shaft, the sheer size of the bulbous head stretching the foreskin.

The hugeness of my cock was in perfect proportion to my massive bollocks, the shaft growing to an immense size when I got a hard on.

I know it's considered normal to wank a lot as a youngster, but I never needed to do this myself.

Even then I'd have a more than abundant choice of who was going to have the honour of satisfying that cock.

And I also had my looks.

My lips, dark red and full, my dusky brown eyes emphasised by the extremely long eyelashes, these features just added to my allure.

My blessed good looks and body immediately put me in a world

apart on the scene, a world where I only had to sit and wait, and in no time at all admirers would come over to try and entice me to go with them.

I convinced myself that youth and beauty like mine were the sole ingredients to ensure a long, bright and secure future.

Right from the beginning I made up my own rules.

For a start, I'd never buy a drink - either for myself or for anyone else. I figured that the guy who buys the drinks is the guy who's doing the chasing. And I sure as Hell didn't need to do any chasing!

Then there was the sex thing.

I'd get what I wanted, when I wanted it. I figured that the guy who picked me up should think himself damned lucky - fortunate enough to be allowed to do whatever turned me on.

All sorts of guys got lucky with me - if I fancied them.

Beautiful young college guys often used the last of their meagre allowance, buying us both drinks and at last - if I fancied them - taking me home. They assumed that I'd be only too ready to share my life with them. It didn't matter whether he wanted to be active or passive - I always got what I wanted. Fuck or be fucked ... the decision was always mine.

I was always gone after he'd made me breakfast.

Extremely rich guys of all ages assumed that they could easily lure me into their affluent lives, unashamedly exhibiting me and their wealth, dinning with me in the finest restaurants and having sex with me in luxurious five star hotels. The sex, of course, was always on my terms.

Sometimes I'd let them take me away on all expenses paid holidays for as long as a week.

By this time my patience was usually exhausted, and I was ready for the next conquest.

By the end of this time I'd have had a great time, plus my wardrobe and my jewellery box were usually augmented considerably.

Occasionally I might even allow them to put a little something into my savings account.

But, as much as I enjoyed these exciting transitory affairs, I always knew there was something missing.

I'd already used all of my physical attributes in an attempt to satisfy my wild sexual cravings.

But despite the incredible pleasure I'd had, I knew that I'd never been completely satisfied.

A certain something had eluded me, despite proving myself to be one of the most successful young men around the gay bars for years.

It was too early in the evening for any of the regulars to visit my local gay bar. In fact I was the only other person in there.

I'd just returned from the Canary Islands, a holiday paid for by my companion, a well known merchant banker.

I sat, as usual, at the far end of the deserted bar, facing the entrance.

I was of course wearing my usual provocative kit.

Adam the barman knew my strategy, and didn't even bother to ask whether I wanted a drink, just turning and nodding his head slightly to acknowledge my arrival.

He then he turned away and went back to replenishing the spirit bottles in the optics.

For the first time, I began to study him.

My eyes went from his broad shoulders down to his incredibly well rounded arse cheeks.

He was a muscle bound skinhead wearing the ubiquitous DM's, skin tight jeans pulled up tight into his bulging crotch by the red braces, and a Fred Perry shirt.

My attention switched between appraising Adam and watching the entrance door.

Adam was definitely not handsome in the accepted sense, but nevertheless I thought he was strangely attractive.

His well developed body looked as if he visited the gym regularly, but displayed the slight stomach bulge that betrayed his regular enjoyment of the odd few pints shared with his mates. On my first visit to this bar he'd shown a lot of interest in me, unashamedly looking me up and down and making small talk as I waited by the bar.

I remember he even asked me if I'd like to buy him a drink! This of course put him immediately off of my list.

On that first visit it was less than half an hour later when I was

leaving with an incredibly handsome young student in tow.
I remember Adam smiling wryly at me as we left.

His eyes had an curious sparkle.

It was an expression that burned into my memory.

Now, as I sat watching him, he looked towards me and that same strange expression formed on his face again.

Inexplicably, my heart started to beat faster as he continued to stare at me like this.

He turned his body towards me as if somehow knew I was scrutinizing him.

My face blushing uncontrollably, I fixed my own gaze on his face, as if it was some kind of contest.

I suddenly felt incredibly apprehensive, my whole body tensing like a coiled spring.

The strangely arousing feelings that surged through me were completely different from anything I'd ever experienced.

I tried to imagine him naked.

My eyes went lower and became transfixed on the bulge in his crotch.

Even at this distance I was sure it was growing bigger even as I watched, and I needed to see his cock in the flesh!

Adam goaded me by provocatively rubbing at the growing mound, the buttons on his Levis now straining fiercely, and I could see the shape of his massive helmet clearly outlined against the pale denim. A dark patch of fabric was forming at the tip, and the sight of this made my own cock stiffen until it was actually aching!

He began walking slowly towards me, all the while continuing to steadily rub at the huge bulge.

My eyes glazed as he came closer, and I was by now far too excited to speak.

What happened next stunned me.

Although I didn't know it at the time, this was to be the start of my new lifestyle.

A strange smile formed on his lips as he handed me a small card. On it was just the name Adam and his address. I took it from him, my hand shaking slightly.

As I looked at it he said

"Be there tonight at midnight. Meanwhile, go home!"

As I said, I was stunned! No one had ever spoken to me like this before.

My first reaction was incredible anger. Who the Hell did this guy think he was. My mind was racing, desperately searching for some kind of smart retort.

But some instinct told me that a reply wasn't expected.

I looked back at his face.

Then I jumped off the stool and left.

All the way home my mind tried to make some sense of what had just happened.

I kept looking at the card. A few times I decided to throw it in the gutter, but the aching in my cock convinced me to keep hold of it.

Back home I sprinted up the stairs, all but tearing my clothes off on the way. I threw open the bedroom door and hurled myself on to the bed.

My cock was harder than it had ever been, my bollocks so full they were fit to burst!

I took my quivering shaft in my hand and started to wank myself off dementedly, pumping furiously with one hand and squeezing my bollocks hard with the other, all the time with a vivid picture of Adam fixed in my mind.

Then, suddenly I froze.

As desperate as I was to shoot my load right then and there, I somehow managed to stop myself.

I knew that if I was going to go through with this visit tonight then I'd need to be horny as possible when ... if ... I got to Adam's.

I lay on the bed, breathing heavily, gasping for air.

I looked at the clock. Seven o'clock.

Five hours to wait!

I wondered whether I could possibly manage to wait that long without succumbing to my unbelievable need for relief.

I'd never needed to cum so much in my entire life!

But with an extraordinary degree of self control, an amount of self discipline I never thought I could have ever possessed, I just about managed to keep my hands away from my painfully stiff dick.

Adam's house was much more impressive than I'd imagined it would be. As I walked up the drive I wondered how he could afford such a place on a barman's wage.

My finger was pressing the entry phone button at exactly the stroke of midnight. The sound of bells from a distant church confirmed this.

The harsh metallic sound of Adam's voice coming through the loudspeaker startled me.

"Wait there!"

I'd expected to hear the mechanism release the lock, but there was a slight click from the loudspeaker box ... and then nothing! My feelings of eager anticipation immediately turned to anger. I was tempted to turn back and go home.

Under my breath I kept saying over and over

"Fuck you, Adam! Fuck you, you arrogant fucking bastard!"

But I waited.

This, I suddenly realised, was part of his scene. He wanted to show me who was calling the shots!

I determined that once I got inside, I'd get my own way, just like I always have!

I knew how to wrap guys like him ... any guy, in fact ... around my little finger!

Although it was mid summer, the night air was quite cool and I was shivering slightly.

As I stood there cursing I wished I'd worn more than just my usual tee shirt and jeans.

I thought of going back to my car.

To drive home.

Or just to wait in the warm.

But again my instinct ... and my rapidly developing lust for Adam ... prevented me.

I kept looking at my wristwatch, a rather vulgar gold Rolex bought for me some time ago by one of my many admirer's as a memento.

Looking at this extremely valuable piece of ostentation helped to reinforce my belief that I could get anything I wanted.

I tried to remember the guys name.

What he looked like.

But the guy had become just another conquest, a long forgotten memory.

All that mattered now was Adam.

And I was beginning to resent that fact.

Despite all the guys I could get, suddenly I was besotted by a fucking barman who I knew absolutely nothing about!

Except the fact that I wanted him.

Abruptly, Adam's voice came through the loudspeaker.

"Get in here!"

I looked at my watch as the lock was finally opened.

Half past midnight! The bastard had kept me waiting out here half a fucking hour! I was gonna show him a thing or two!

I irately pushed the door open and entered the hall.

I was feeling really angry now.

Angry and ready to show Adam how Gareth gets his own way!

One of the doors was along the hall was open, the light from the room spilling out.

Still trembling with a combination of the cold and my exasperated frustration I approached the room. As I entered it I was ready to spit out my well rehearsed diatribe.

But I wasn't prepared for what I saw in that room.

My power of speech instantly deserted me as I stopped dead in my tracks.

In the middle of the room was an elaborate steel framework. A young man of about my age was secured spread-eagled to the frame with black leather straps on his wrists and ankles, attached to short chains. The youth was completely naked, his cock stiff as a pole. His slender body was completely smooth and hairless. He stared at me wide eyed as I came through the door, the look of anguish on his beautiful young face making my stomach sink.

Adam was standing by the young man. He was stripped to the waist and in his right hand he held a long thin cane. His upper body was as well developed as I'd imagined it would be, with huge pecs and large dark nipples jutting out.

If this display was intended to shock me then it had worked!

Of course I'd heard stories about things like this going on, but to suddenly come face to face with it was something else!

Adam being on the fetish scene had been the furthest thing from my mind.

I might have expected a bit of rough ... but this!

Adam's voice was almost unemotional, yet there was a tone of natural authority that inexplicably excited me.

"Get undressed and stand over there!"

He pointed to the wall.

Again I felt the compelling urge to turn around and leave.

But there was also a strange new fascination overtaking me.

It was as if I was weirdly captivated by Adam's complete indifference to my physical attraction.

Somehow I knew better than to protest. I knew that whatever it was that was driving me on was stronger than any feeling I'd ever known before.

I began to undress slowly and sensually, trying to use every trick I'd learned to make a guy really excited as I stripped my clothes off.

But Adam was having none of this!

"When I tell you to strip you do it fast, boy. None of that stuff works here! Now get stripped!"

This was my first taste of Adam's contempt for my lifestyle.

He was in control now.

I hurriedly ripped off my clothes and almost ran to the spot where Adam had told me to stand.

My heart was pounding furiously.

Everything was happening so fast.

And I was letting it happen!

My cock was as hard as a rock, the dark blue veins standing proud against the pale flesh of the shaft, the quivering helmet already beginning to drip with pre-cum. Adam barked out

"Spread your legs wide, boy! Hands behind your back!"

I surprised myself by obeying without question.

The feeling of being under control like this was acting like an incredibly powerful aphrodisiac.

I watched incredulously as Adam began to tap the cane lightly against the creamy white backside of the helpless youth secured to the frame. The beautifully rounded orbs of the sufferer's arse cheeks clenched together, then he pushed them

out as if to invite Adam to lay on more treatment.

He seemed to want Adam to cane him more!

I studied the youth more closely, and suddenly a spark of recognition hit me.

He was Craig, one of the regular guys from the bar. I hadn't seen him there for a while, which I'd thought at the time was just fine. He'd been the only one who'd ever offered me any real competition!

His body was athletically slender, and I felt a pang of jealousy when I realised that it was now slightly better defined than mine. I remembered him as having long blond hair, but his head had now been almost completely shaven, just a light fuzz of blond hair remaining.

As Adam continued to tap Craig's arse lightly the youth's body began to gyrate, almost imperceptibly. Then his head was rolling from side to side and he was moaning softly, over and over "Sir, I've disobeyed you, Sir! Please punish me Sir! Please teach me obedience, Sir!"

I watched, completely mesmerised as Adam stopped tapping, slowly brought the cane back over his shoulder, then brought it down hard across Craig's arse. The youth's arse cheeks clenched tightly, his whole body shuddered and he screamed out "Owwwww! Thank you, Sir! Oh! thank you Sir!"

Craig's body was now gyrating more frenziedly, the metallic sound of the chains rattling and reverberating around the room as he struggled against the restraints.

After what seemed an eternity Adam landed another vicious stroke of the cane on Craig's arse. Again the youth screamed out. "Aaaaaaagh. Oh Sir! Sir! Thank you Sir!"

Some sort of weird understanding began to stir deep inside me, long forgotten wank fantasies re-emerging in my mind.

I closed my eyes.

My mind filled with memories of school stories told about boys in the old days having to take their short trousers down and being caned in front of the whole class. I'd go to bed and wank myself silly, trying to imagine what that felt like. Not just the pain, but the complete and utter humiliation.

As these thoughts raced disturbingly through my mind I heard

the loud crack of the cane landing on Craig's arse again. This time the youth was struggling dementedly, sweat covering his pain-wracked body. There were tears streaming down his beautiful young face, and I at one and the same time felt the most incredible pity and unbelievable envy.

Again and again the cane smashed into Craig's wretched arse, and the youth continued to thank Adam for his ministration. At last the punishment was over.

My head was reeling and my cock almost went into spasm as I looked at the dark red weals developing on Craig's wildly pulsating milky white arse cheeks.

The youth was now just hanging on the chains, all his spirited energy completely spent. He choked and gasped for air between bouts of sobbing.

Occasionally he'd blubber

"Thank you Sir! Thank you Sir!"

Incredibly, my initial revulsion at what was happening transformed into a deep understanding.

I understood that the incredible pain he'd just suffered and the vivid marks on Craig's flesh were to be a confirmation of his total supplication to Adam.

It was at this very moment that I lost forever all thoughts of my self importance.

All that mattered now was that Adam would want me.

Want me in the way that he wanted Craig.

When Adam at last walked over to me I was still trembling slightly, and my cock was still painfully stiff.

He ran his hands over my naked body for what seemed an eternity. He squeezed my nipples until the pain made me close my eyes tight shut and gasp.

I desperately wanted him to touch my rigid cock, to run his fingers along the shaft, to rub his finger over my saturated quivering slit, to explore the rim of my helmet, to squeeze my bollocks.

Instead he took his hands away from my body and said softly "I know exactly what you want, lad. And I know exactly how you've operated in the past. Well, here it's different."

In my mind I said 'fuck you, Adam! You're nothing but an

arrogant fucking bastard!' But aloud I said, in a pitifully pathetic voice

"Sir, yes Sir!"

Adam smiled knowingly at me and said

"I know what's going through your mind right now Gareth. There's a bit of you that wants to run away. To go back home to the easy life, where things happen on your terms. But I've always thought that what you really want ... what you really need ... is what Craig has found here. I'm right, yeah?"

His fingers gently began stroking my quivering cock, and just this merciful touch sent incredible waves of unbelievable ecstasy coursing through my body.

I tried to fight against it, but I knew he was right.

I wanted to know how it felt to under the absolute control of another man.

And this was my opportunity to find out.

Hesitatingly I said

"I'd like the chance to find out ... Sir!"

Adam turned away from me and went back to the frame, releasing the restraints from Craig's still trembling youthful body.

At last the wretched youth fell to the floor in a heap, finally grabbing hold of Adam's ankles and licking at his boots, saliva oozing from his mouth as he frenziedly endeavoured to demonstrate his absolute submission.

But Adam had other ideas. He barked out

"Get to the cage, boy!"

Craig immediately stopped his servile boot-licking and looked up wide-eyed at Adam, the pitiful expression on his tear-stained beautiful face making me at one and the same time pitying, excited, and terrifyingly jealous!

In the excitement of what had happened since I'd arrived here tonight I hadn't noticed the cage in the corner of the room.

It was a small structure with closely spaced steel bars, and seemed to be only just large enough to accommodate a large dog ... or a human being bent and distorted to fit.

As I watched the sight of Craig's beautiful naked body crawling across the floor and into the cage, twisting around and forcing it to fit inside, I felt incredibly aroused.

The trembling hapless wretch finally reached out, and with a sickening clout pulled the door of the cage shut hard behind him, securing him inexorably until Adam released him.

I was now More aroused and excited than I could ever remember. This was probably the most frightening part of what I'd experienced so far this evening.

My whole world had been completely and utterly turned on it's head.

Everything I'd ever thought I needed or wanted suddenly seemed totally insignificant.

Some deeply buried instincts had driven me here, and I wondered whether I'd made the right decision.

My mind was in absolute turmoil, all kinds of unimaginable thoughts racing through my mind.

Then I heard Adam's sensual voice.

"Kneel here!"

The voice was not harsh nor particularly formal, simply overwhelmingly commanding.

Adam had settled himself into a large black leather armchair. His legs were sprawled, spread wide.

He looked more fantastically desirable than anything I'd ever imagined!

His hand was pointing vaguely in front of him and between his legs.

When I was kneeling in the consigned position he spoke again. There was no malice in his voice, just a tone of natural authority.

"Gareth, while you're here, you belong to me. Your body is mine. I give the orders and you obey. Understand?!"

I looked eagerly into his face.

"Yes Sir, thank you sir!"

I watched with unbelievable lust as Adam unbuckled his belt and then unbutton his Levis to reveal the jock strap covering an incredible mound. His hand rubbed at the huge bulge tauntingly, watching me with a wry smile as he licked his lips. My eyes were glazing over as I calculated roughly the sheer size and proportions of the meat packing that jock.

My stomach knotted as I realised that I might at last have met my match.

If I was right, here was a guy with a cock as huge as mine.

If I was right, he'd be like me ... he'd want it in my mouth.
If I was right, he'd be like me ... he'd want it deep in my throat.
If I was right, he'd be like me ... he'd be fucking my face until ...
I abruptly closed my eyes tight shut and tried not to think any further.

I'd always relished the incredible feeling of a man gagging on my massive cock, struggling and writhing his head about as I grabbed his ears to keep him in place until I'd shoot my load of hot, pumping torrents of thick creamy spunk.

I always knew how much these guys were initially inordinately intrigued by the huge size of my dick ... and then how much more difficult it was to service it than they could ever have imagined.

A feeling of total resignation swept over me.

I opened my eyes.

Adam obviously knew just how much I needed to service that dick, and how much I was dreading the thought!

Slowly and deliberately he began to release the shaft from the jock with one hand as he pulled his bollocks free with the other. Then he took his hands away, resting them on the arms of the armchair, giving me a full view of the magnificent prize he had between his legs.

My heart raced, pounding hard against my chest as I stared wide eyed at Adam's massive yet perfectly proportioned cock and balls.

I'd been right! His dick was even bigger, longer and thicker than mine!

It stood out from his body, rock hard, much stiffer than anything I'd ever seen in my life.

The size of his dark red helmet was even more incredible. It glistened in the low light of the room, the slit dripping as it slowly throbbed.

His bollocks were also bigger than mine!

They hung incredibly low, a slight covering of downy looking hair covering the sac.

Despite the fact that there seemed to be so much excitement going on in his groin, Adam was totally relaxed and seemed to be in no hurry.

I, on the other hand, was feeling more horny, rampant and ready

to prove myself than I'd ever been.

Adam's voice was calm.

"Gareth, I think you know what I want now. I want you to suck really hard on this dick. I want you to take it all! I want you to take it all while you use both your hands on my balls. Your duty is to please me. The instant I think you're slacking then I'm gonna strap you on to the frame. And you know what that means, don't you!?"

My heart was beating even faster.

"Yes, sir. It means you'll give me a caning Sir!"

"Then get to it, lad!"

I wanted to please him.

I needed to know if I could actually be totally and absolutely subservient to another man.

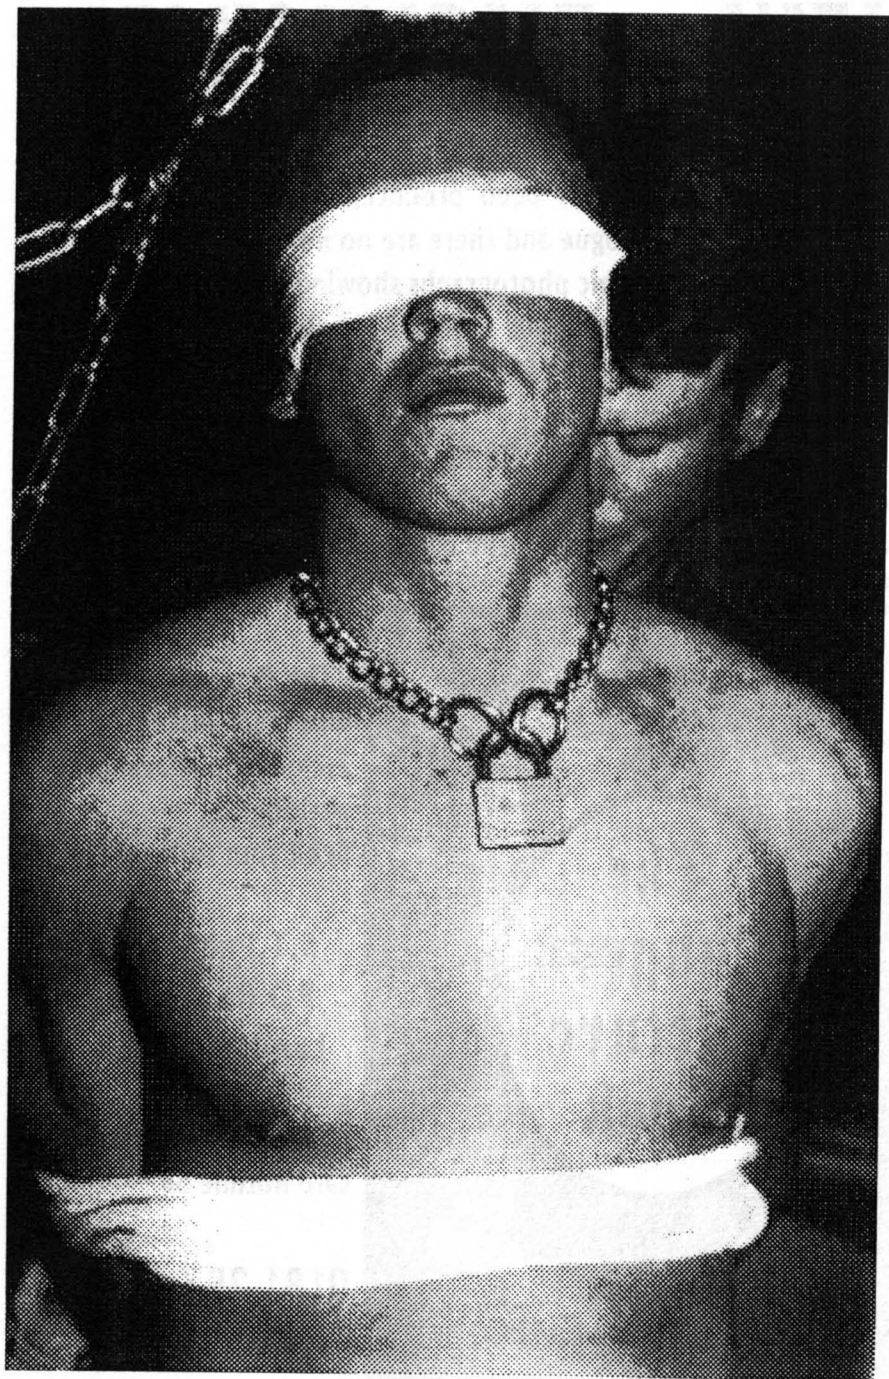

I leant forward, taking hold of his massive balls, delicately manipulating them between my fingers.

Then I positioned my head so that my lips were touching the tip of his helmet.

My tongue licked deftly at the sticky fluid oozing from the slit. Adam's body tensed slightly, and I felt pleased that I was beginning to give him satisfaction.

But as I opened my mouth wide and tried to take Adam's huge helmet into my mouth, I suddenly pictured myself strapped to the frame, waiting for the cane to land on my quivering arse cheeks!

Laying in wait ...

I wish my prospective Master had made me strip stark bollock naked straight away rather than gagging me and tying me up like this! He knows damned well how much I want to show him my body ... how much I want him to take it and use it for whatever fuckin' perverse pleasure he wants from it. He knows how much I crave to have a Master to serve. He knows how long I've kept myself ready for this first encounter ... how many frustrating nights I've lain naked in my bed, writhing around in a demented frenzy, terrified about touching myself, picturing this moment over and over in my mind ... my cock achingly stiff, the helmet quivering, the pulsating slit wet with pre cum. He knows how fuckin' hard it's been for me to stop myself from taking hold of the shaft and pumping it wildly until my entire body is engulfed with the ultimate pleasure of feeling the torrents of hot sticky cum spurting out of me. He knows only too well that for a young man with bollocks full to overflowing that such self control is almost unbearable!

Suddenly I hate the wretched clothes that are covering my smooth, freshly shaven flesh, hiding my body from him. My mouth is parched, completely dry, and I force myself to try and salivate, to make it wet so that when he decides to allow me to satisfy his hard cock I can provide the satisfaction that is the right of a Master to expect. I frantically manipulate my tongue around the inside of my mouth, desperately fantasising what the rim of his helmet will feel like when, and if, I'm finally allowed to suck him off.

But I know he wants more from me than mere sexual satisfaction. I am to be the fuckin' object that will eagerly work dilligently to make his life comfortable, performing my duties as a willing houseboy under threat of severe punishment. My cock grows even harder as I remember the severe beatings and whippings I've endured so far from other Masters on my long journey towards this ultimate submission, knowing that here I will suffer more pain, humiliation and degradation than I could have ever imagined.

I know that being here will be the ultimate test ... and for the first time in my life I send up a heartfelt prayer ... to pray that I can satisfy him!

What We All Want ...

Well, possibly not all of us! There are those amongst us who already enjoy the benefits of having a regular partner or partners to share their enjoyment of the scene with. If you fall into this fortunate category, then read no further!

But we know that there is a sizeable number of our readers who are still looking for compatible partners who want to share and practise their very special interests on the scene. Let's face it, being alone isn't much fun, and since we started publishing our specialist magazines we've been able to offer our readers the first real opportunity to contact other genuinely compatible guys through the hundreds of personal classified ads in our specialist publications. Of course we try to ensure that each and every advertisement appearing in our magazines is absolutely genuine, and we don't suffer time-wasters lightly! This is why our personal advertising pages are so highly regarded and so successful.

But the world of technology moves inexorably on, and guys on the scene started looking for a more immediate method of making contact using their telephones. They soon found out that finding guys on our very special scene using the existing 'phone lines wasn't that easy, and very expensive into the bargain!

It took us a little time before we entered into the world of telephone contacts. For a start, most systems required that you apply to BT and ask for a PIN (personal identification number) before you can even access the services. For us, treating every one of our clients absolute confidentiality as a paramount consideration, this was simply not acceptable.

After lengthy investigations we found a service that was only too willing to provide a telephone contact system that satisfied the special needs of our readers, and like us, appreciated the need for the absolute confidentiality of it's users.

And so was born the MeetLine.

Since it's inception, the success of the unique MeetLine service has been nothing short of sensational! Literally hundreds of guys have made contact with compatible partners, enriching their lives beyond their wildest expectations!

And the best part is that it costs you absolutely nothing to place your voice message on the MeetLine to contact compatible partners. All you have to do is dial 0800 195 5906 and record your message. You can listen to your message and re-record it until you're completely satisfied, all absolutely free of charge!

When you're satisfied with your recording you'll be given your own unique phone message retrieval code so that you - and only you - can dial in and listen to the replies left for you. The unique MeetLine service operates 24 hours a day, each and every day of the year, so meeting your partner could be only a few hours away!

And it gets better! To make it even easier for guys to leave a message for you we print and distribute a regular MeetLine update list with all our regular nationwide mailings so that guys from every part of the UK can dial in directly to reply to your message.

The MeetLine operates using the very latest state of the art high tech computer technology, so no matter how many horny guys are using the service at one time, they'll never get the dreaded engaged tone! To find out just how good the MeetLine really is, why not give it a try?!

Remember, your message is absolutely confidential.

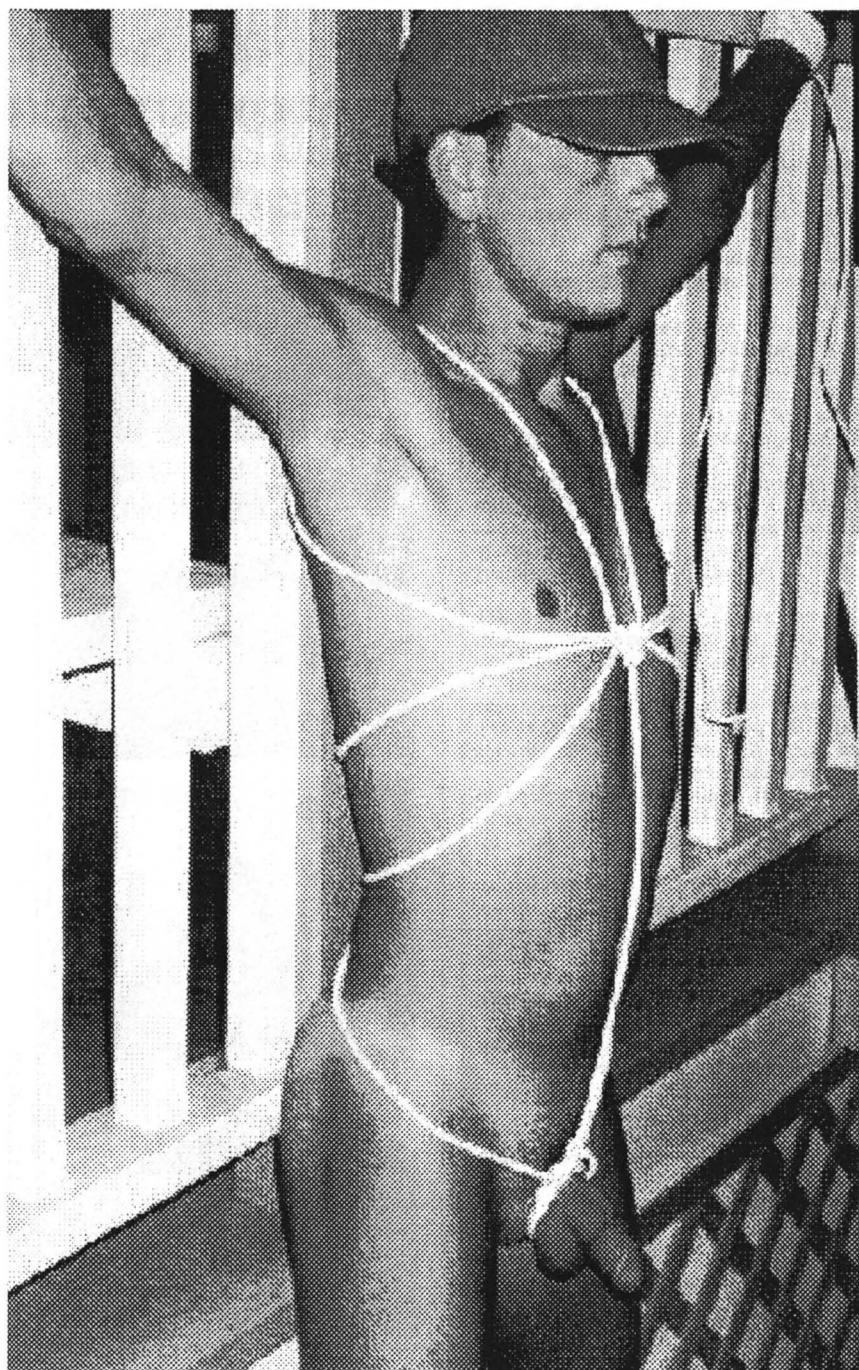

The MeetLine is exclusively for guys on or scene.

Placing your personal voice message is absolutely free of charge.

What have you got to lose??

Just dial 0800 195 5906 and leave your own personal voice message.

Pick up your replies any time of the day or night, any day of the year!

DV8 is the brand new picture magazine from ST Publishing, aimed strictly at men who are into the heavier and more bizarre fetish scene's than 'SIR! or HOUSEBOY' can cover. It's mainly a picture publication, with just the odd article or story. Whilst our readers still love our existing mags,

some of them asked for this kind of 'heavy' publication, and since it's launch it's really taken off in a big way.

Each issue also includes the latest printed update for The MeetLine - the UK's hottest and busiest 'phone contact line dedicated exclusively to our special scene's where you can just dial in and listen to the advert that turns you on - you can then leave 'em your reply if you want!

DV8 is published quarterly, and just like it's associates, it carries hundreds of personal advertisements. Subscribers get a 20 word personal advert absolutely free of charge.

WASH 'N 'GO!

Regular household chores are, of course, a part of every well-trained houseboy's duties. It should be borne in mind, however, that even the simplest of tasks can be used to reinforce the houseboy's necessary sense of total subservience by imaginative use of humiliation techniques, and the example pictured here provides yet another use for those old ripped and worn out jock straps!

Floor cleaning takes on a whole new dimension when the recalcitrant houseboy is made to wash the floor using just his head with the jock stuffed in his mouth. Of course it might take a few well-targeted strokes of the cane or strap on his naked arse to get him to understand, but he'll soon be only too keen to demonstrate his absolute supplication!
